Dear Harold:

Enclosed is a letter from the OIP releasing some JFK assassination documents to you. A very quick glance indicates that some of them contain some new information--e.g., the FBI was asked to investigate theft of the Kennedy autopsy photographs and did so. You may want to make a new request on this.

I gather they have deleted the names of Grodin and some others we know. If you want to appeal the excisions, drop me a note providing me with details to show to what extent all this is already public domain.

Sincerely,

Jim
